3. Mattress Size: Choose the correct mattress size for the bed (1900 × 900 mm, unless otherwise stated). 4. Assembly: Assemble the bed following the instructions carefully and ensure all parts are securely fixed. Always assemble the bed in the room where it will be used. 5. Responsible Use: Do not allow children to play or jump on the upper bunk. Do not sit on or hang from the structure or guardrails. 6. Checks: Regularly check and tighten all screws and bolts.
